Read the text and choose the correct answer for each gap.

There are many challenges on the internet **16** are related to food. For example, some people video themselves while they **17** an onion or a lemon. **18** of these challenges are harmless and fun. **19** , a few of them are dangerous. For example, in one challenge, people have to hold ice and salt in **20** hands. They get together with friends and find out who can hold it for the **21** time. But this challenge is so dangerous that nobody **22** do it. If you take some ice and add salt, the temperature of the ice **23** to -17°C. Ice at this temperature will burn you. The problem is, you **24** notice that your hand is burning because the ice is so cold. You'll **25** it, and the burn will get worse.

In another challenge, people try to eat a large spoonful of cinnamon powder without drinking **26** . It sounds simple, but it isn't. In fact, it's both impossible and dangerous. Cinnamon powder **27** in water or the saliva in your mouth. So, if you put a spoonful of **28** in your mouth, your body will panic and you will start coughing. If that powder gets **29** your lungs, you might damage them.

So, in the future, when someone **30** you to do a food challenge, don't agree to it unless you know it is safe. Don't risk your health just to make a funny video.
